

# FLOW

## Transfer Panels

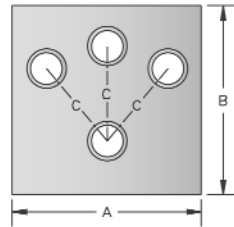

### Standard Sizes:

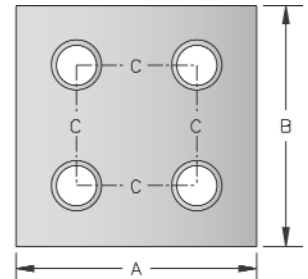

2 Line

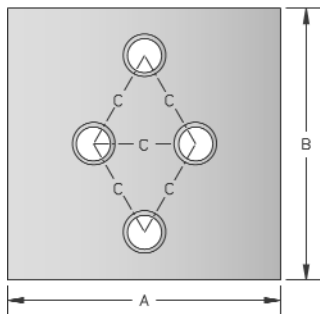

2 Triangle

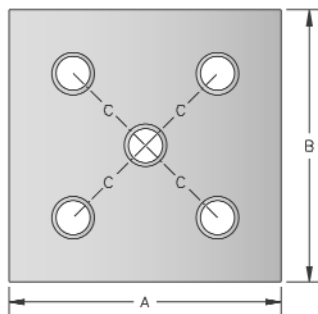

3 Around 1

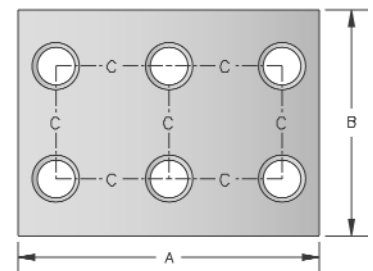

4 Square

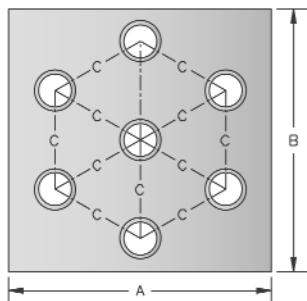

4 Diamond

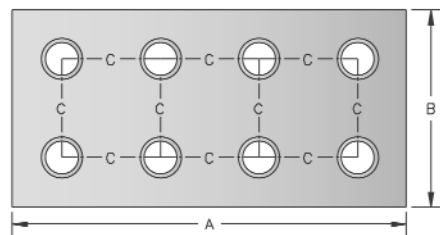

4 Around 1

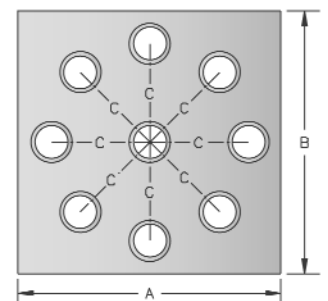

6 Rectangle

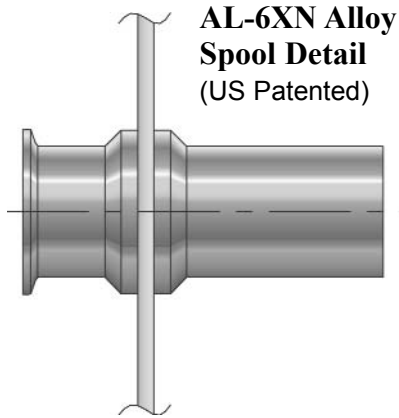

6 Around 1

8 Double Square

8 Around 1

Our **AL-6XN** alloy spool design (US Patented) allows installation of product contact **AL-6XN** alloy spools into 316L stainless steel panels while maintaining the integrity of the corrosion resistant elements of the **AL-6XN** alloy as required by ASME-BPE-2002 specifications.

Transfer Panel Port Layout	Size = 1.5"			Size = 2.0"			Size = 2.5"			Size = 3.0"		
	A	B	C	A	B	C	A	B	C	A	B	C
2 Line	6	14	7.5	6	16	9.5	8	18	11.0	8	20	12.5
